

FUEL NOZZLE TRAYS

Like our line of turbine blade boxes, our fuel nozzle trays are specifically designed to protect sensitive fuel nozzles during the MRO process while saving space. By incorporating a stackable design, our boxes are able to utilize all available vertical space. Made out of chemical resistant plastic, these boxes could also be used as fuel nozzle holding fixtures during the cleaning process.

THE KEY BENEFITS OF OUR CUSTOMIZABLE FUEL NOZZLE TRAYS

- ✓ Fuel nozzle trays provide an easy and safe way to transport fuel nozzles around the shop
- ✓ Multi use – fuel nozzle storage and cleaning fixture
- ✓ Arranged in fuel nozzle sets by product type
- ✓ Ergonomic built in carry handles
- ✓ Space saving stackable design
- ✓ Self locking stackable feature
- ✓ Nozzle tip protected from nozzle to nozzle contact
- ✓ Visual management clues to number of fuel nozzles
- ✓ Made out of chemical / oil resistant plastics
- ✓ Engine model specific for perfect fit and arrangement
